

Ecological Integration Symposium 2019

Celebrating 20 years of Ecological Integration

April 4th and 5th, 2019
Rudder Tower and Theater
Texas A&M University
College Station, Texas

Save the Date!

We invite you to attend the 20th Annual Ecological Integration Symposium (EIS) at Texas A&M University on Thursday, April 4th and Friday, April 5th, 2019.

The Annual Ecological Integration Symposium is a free, two-day event that provides an opportunity for students, academics, and professionals to share and discuss ecology related research. In addition to presentations by students and post-doctoral research associates, we will have plenary speakers on both days. Confirmed plenary speakers for this year include Dr. David Hillis (University of Texas at Austin), Dr. Laura Kubatko (Ohio State University), Dr. Daniel Pauly (University of British Columbia), and Dr. Ray Hilborn (University of Washington).

More information about this event will be posted on our website (<https://eeb.tamu.edu/eis/2019-ecological-integration-symposium/>) over the next few months. If you have any questions about this event, please do not hesitate to contact us at theeis.tamu@gmail.com.

Sincerely,

EIS 2019 Organizing Committee
